

Tax Benefits from workplace giving

Regular donations quickly add up: if you donate just \$15 each fortnight (the cost of a few coffees), then you will donate \$390 over the full year, but the cost to yourself will be much lower (depending on your tax bracket - see the table below for examples).

Taxable Income	Tax rate + Levies	Fortnightly pre-tax contribution	Net fortnightly cost to UniSA employee	Net annual cost to employee	Annual charity contribution
